THE ROOT OF THE MATTER.

He Cured Himself of Serious Stomach Trouble Down to First Principles.

A man of large affairs in one of our prominent eastern cities by too close attention to business ,too little exercise and too many club dinners, finally began to pay nature's tax, levied n the form of chronic stomach trouble failure of his digestion brought about a nervous irritability making it impossible to apply himself to his daily business and finally deranging the kidneys and heart.

In his own words he says: "I consulted one physician after another and each one seemed to understand my case, but all the same they failed to bring about the return of my former digestion, appetitte and vigor. For two years I went from pillar to post, from one sanitarium to another, I gave up smoking, I quit coffee and even re-nounced my daily glass or two of beer, but without any marked improvement.

Friends had often advised me to try well known proprietary medicine. Stuart's Dyspepsia Tablets and I had often preused the newspaper advertise-ments of the remedy but never took any stock in advertised medicines nor could believe a fifty-cent patent medi-

cine would touch my case.
"To make a long story short I finally bought a couple of packages at the nearest drug store and took two or three tablets after each meal and oc-casionally a tablet between meals, when I felt any feeling of nausca or discomfort.

"I was surprised at the end of the first week to note a marked improvement in my appetite and general health and before the two packages were gone I was certain that Stuart's Dyspepsia Tablets was going to cure completely and they did not disappoint me. I can eat and sleep and enjoy my coffee and cigar and no one would suppose I had ever known the horrors of dyspepsia.

"Out of friendly curiosity I wrote to the proprietors of the remedy asking for information as to what the tablets contained and they replied that the principal ingredients were aseptic pepsin (government test) malt diastase and other natural digestives, which digest food regardless of the condition of the stomach."

The root of the matter is this, the digestive elements contained in Stuart's Dyspepsia Tablets will digest the food, give the overworked stomach a chance to recuperate and the nerves and whole system receive the nourishment which can only come from food; stimulants and nerve tonics never give real strength, they give a fictitious strength, invariably followed by reaction. Every drop of blood, every nerve and tissue is manufactured from our daily food, and if you can insure its prompt action and complete digestion by the regular use of so good and wholesome a remedy as Stuart's Dyspepsia Tablets, you will have no need of nerve tonics and sanitariums

Although Stuart's Dyspepsia Tablets have been in the market only a few years yet probably every druggist in the United States, Canada and Great Britain now sells them and consider them the most popular and successful of any preparation for stomach trou-

on Thursday at 2 p. m., in the Fifth ward meeting house. It is announced that the Short Line will at once put into effect a new coal rate from Kemmerer and Diamondville to Cache Valley points, making the haul for \$2 per ton instead of \$2.50 as heretofore. The consequent reduction in the price of coal will be appreciated by the people of this section.

The Logan sugar factory announces a

rate of \$4.25 per ton for beets delivered at the factory, or \$4.00 per ton on the cars anywhere in the county. Mr. Job Pingree is traveling through the valley contracting for the delivery of beets, and is meeting with very satisfactory response.

IN THE DISTRICT COURT. Important and Peculiar Water Suit

Now on Trial.

Special Correspondence. Manti, Sanpete Co., Feb. 4.-Before Judge McCarty today was begun an important suit over irrigating water. The hearing may occupy the entire week, It is an action brought by the Gunnison Irrigation company et al. against the Sterling Coal and Coke company et al., in which the plaintiffs allege that they are owners of land in severalty near the towns of Gunnison and Sterling which lands are unproductive without artificial irrigation; that for more than twenty years last past the plaintiffs have been the owners of a stream of water used for ers of a stream of water used for irri-gating their lands known as Six-Mile creek, rising in the mountains east of Sterling: that the whole of the waters of Six-Mile creek and all its tributaries, are absolutely necessary to the use of the plaintiffs for irrigation and culinary purposes; that in the years 1898 and 1899 the defendants, by reason of cer-tain tunnels dug near the channel of said creek and along the springs that feed it, have intercepted and cut off the subterranean flow of the water and prevented it from flowing and seeping said creek as heretofore, thus diminishing the flow to the great injury of the plaintiffs. Plaintiffs ask that judgment by decree be granted; that their rights

to the waters of said springs be quieted and affirmed, and that the defendants be perpetually enjoined from intercept-ing or directing any of the waters thereof.

1896, obtained the right to construct a tunnel through the coal lands, and that a tunnel 2,400 feet has been driven. That in running said tunnel water has come into it by percolation and that said water is not water feeding or supplying any springs or any other source of water supply tributary to Six-Mile creek. It is dealed that the construction of the tunnel has caused the flow in Six-Mile creek to diminish, and it is further alleged that in the summer of 1898, owners of land irrigated from Six-Mile creek, finding out that water was percolating into that creek from the said tunnel, complained that said water was injurious and so polluted as to endanger the lives of persons using the water, threatening to have the al-leged nuisance abated and the officers of the Sterling Coal and Coke company arrested. In conclusion the defendants allege that it is by development, appropriation and application of the wat-

tunnel, and that the plaintiffs have no right or title or interest in said waters.

JOHN MARSHALL DAY. Resolutions Adopted by the Bar -

Oppose New Game Legislation. Special Correspondence. Brigham City, Boxelder County, Feb. 5 .- Judge Charles H. Hart, district judge of the First judicial district, should have opened court here this morning for the February term, but on account of sickness in his family, was

unable to be present. He will try and get Judge Rolapp to take his place until he is able to attend.

Pursuant to a call of his honor, Judge Charles H. Hart, the bar of Boxelder county, met at the court house, Mon-day, February 4, for the purpose of commemorating the centennial of the late Chief Justice John Marshall's as-

court of the United States. Attorney Nels Jenson, acted as chairman, and Attorney James S. Perry, as The biography of the chief justice was read, and also the tribute to his

memory which was adopted by the Supreme court of the United States at Attorneys Ricy H. Jones, George R. Chase and B. H. Jones were appointed a committee to draft resolutions, and made the following report.

Resolved. That it be the sense of the members of the bar of Boxelder county in this meeting assembled, that we venerate the memory of the great Chief Justice John Marshall, the centennial of whose appointment to the bench of the Supreme court of the United States we commemorate, and that we duly appreciate his private virtues as a man and his public services as a patriot, and regard him as per-sonifying the majesty of the constitutional law of our country. And be it

further Resolved, That Nels Jenson, chairman of this meeting, present this resolution at the opening of court, and request that the same be spread upon the minutes.

OPPOSE TO NEW GAME LEGISLA-TION.

The Allison bill, or the proposed new game law, has caused somewhat of a sensation in this section of the country, and the sporting fraternity are very indignant about the matter. Several hunters will hold a meeting this even-ing to take some steps toward having the bill defeated, or aiding in an at-

tempt to defeat it. It is a well known fact that Boxelder county has the largest and most popular duck-hunting fields in the State, and they are becoming more and more popular every year. Under the new game law proposed by Mr. Allison, the number of visitors to the county would no doubt be greatly decreased, and the owners of the resort where the ducks are hunted are reported to have threatened to close the grounds if this bill gateways.

DEATH OF MRS. 1DA PETERSON A Sad Bereavement - New Cases of Smallpox-Quarantine Continues.

Special Correspondence. Spring City, Sanpete Co., Feb. 5 .-Our community is in gloom on account of the death on Friday, Feb. 1st, of Mrs. Ida Peterson, wife of Mayor Ole Peterson, Mrs. Peterson's last Illness was brief, and her death came as a shock to the many friends of the family. Deceased was born in Lund, Sweden, Oct. 2, 1859, and came to Utah in 1870. She was an active worker among the Scandinavian members of the ward, and will be missed, not only by them, but by all our people, because all loved and respected her. She leaves her husband and four children, who have the sympathy of the entire community in bereavement. The funeral was held on Sunday, Feb. 3, at the family residence, and was largely attended. The speakers were John R. Baxter Simon T R. N. Allred and Bishop James A. Allred.

SMALLPOX CASES. Seven new cases of smallpox is the record here for the past week. The quarantine regulations will be continued. Vaccination is becoming more popular, although "compulsory" is as

unpopular as ever. Persons who can not take ordinary pills find it a pleasure to take DeWitt's Little Early Risers. They are the best Hittle. liver pills ever made. Schramm.

ADVENT OF SMALLPOX. Fifteen Families Quarantined - All Public Gatherings Discontinued.

Special Correspondence. Parowan, Iron Co., Feb. 2.-Some time since a traveler passing through our town said "Parowan was too slow to catch smallpox;" our little com-munity quite enjoyed the possible advantage of being slow for once, but tonight we are alarmingly aware of the fact that smallpox has caught Parowan and that badly. For severl weeks people have been ailing with headache, fever and breaking but with pimples and sores, some pronounced it la grip, some chicken-pox and it was very noticeably contagious. The city council called a special session yesterday afternoon, made an appointment to fill a vacancy in the board of health, telegraphed to Dr. Middleton of Cedar City to come here, being the best authority we had on diseases in the county. It took the doctor very little ime to be convinced of the nature of

the disease, and at this writing there are fifteen flags waving at so many Schools are closed, and all public gatherings discontinued. The city fathers and board of health are working earnestly to get control of the malady t is in a light form, though there has been some quite serious cases and the wonder is that it has been no worse, un-

MINING EXCITEMENT. There were a great many excited people here on Saturday. Joseph Sorenson has returned from a prospecting tour Clear Creek canyon south of He brought with him some rock which looks to be fairly alive with specks of gold. It does not require a glass to see it, but can be picked out of the rock with a pocket knife. Some of the rock was put to a preliminary test with acid and no change was effected in its ap-pearance. The scrapings from the rock, when attempted to be pulverized, held together almost like gold led has caused much excitement, and if it turns out to be gold when an assay is secured, there will be a grand rush for

DEATH OF ELIAS CRANE. The opening of this century has taken from us one of Salina's oldest inhab-itants in the person of Elias Crane. He died very suddenly and without any one being aware of his end being near. His wife awoke to find him dead by her side. He was the father of a very large family and was well known and re-spected in this community. His funeral was largely attended and the speakers all testified to his worth and faithful-
